

Here, you take centre stage

A source of momentum, a centre of ideas and an engine of innovation – that’s interzum, the world’s leading trade fair for suppliers of the furniture industry and interior finishing segment. Industry sets the pace at interzum, an event that provides important momentum for furniture development, stimulates new ideas for the interior finishing segment, and reveals future trends. Only visitors to this fair can obtain a concise overview of the markets and opportunities in this sector.

The product range at interzum is unmatched anywhere else in the world. The offerings are unique with regard to their breadth and depth, and they are perfectly tailored to the needs and expectations of the highly qualified trade visitors from Germany and abroad – who have lots of decision-making and purchasing authority.

Further information at a glance

Please contact us if you have questions regarding the all-in-one offers or if you wish to reserve a stand and its location in advance. Your interzum team will be happy to help you plan and organise your trade fair presentation.

Where each detail is just right

The all-in-one concept makes successful trade fair presentations convenient, affordable and highly efficient. The total offer includes a compact, professionally equipped trade fair stand, a "business package" with the most important services for a successful fair, and a "marketing package" for a customized presentation. That means you can concentrate on what really counts at a trade fair: Addressing customers, making contacts, and doing business. A single signature is all it takes for your company to participate in interzum 2009. We'll gladly take care of the rest!

More value for your money

Package deals that are simple, efficient, and transparent with regard to costs. Our all-in-one offers make it easier for you to take part in interzum, ensuring that your trade fair presentation is a success in every way.
